

Call for Papers

The Fifteenth IEEE Symposium on Computers and Communications (ISCC'10)

June 22-25, 2010, Riccione, Italy

<http://www.ieee-iscc.org/2010/>

Continuing the tradition of this series of symposia, ISCC'10 will provide an international technical forum for experts from industry and academia to exchange ideas and present results of ongoing research in most state-of-the-art areas of computer and communications, including the ones listed below. This year, special focus will be on the challenging issues related to the creation, management, dissemination, and communication of information. You are invited to submit a full paper, or a proposal for a panel/invited session, or tutorial, related to the following topics of interest.

Topics of Interest include, but are not limited to, the following:

Access Networks	Digital Media Technologies
Bioinformatics	Modeling and Simulation
Data Mining and Database Applications	Digital Satellite Communications Service
Network Design, Optimization, and Management	NGN Network Infrastructures and Management
Distributed Systems Architecture and Management	Network Reliability and Quality of Service
Economic and Regulatory Issues	Optical Networking
E-Commerce and E-Services	Fault-Tolerance and Error Recovery
Peer-to-Peer Computing	Real Time Communication Services
Grid and Cluster Computing	Routing and Multicast
Human Language Technologies	Image Processing and Visualization
Security and Cryptography	Software Engineering
Internet Services and Applications	Standards Evolution
Internet Protocols Advances	Management of Telecommunications
Communications Services and Management	Mobile Ad-hoc and Sensor Networks Architectures
Distributed and Mobile Middleware	Overlay and Programmable Networks
Web Services and Service Oriented Architectures	Wireless, Cellular, and Mobile Communications

Submission Guidelines: Papers should describe original work and should be no more than 8 pages in the IEEE double column proceedings format including tables, figures and references. Note that accepted papers up to 6 pages will be published with no additional charge. Exceeding pages will be charged an additional fee. Extended versions of selected best papers will be recommended for publication in a Special Issue of the Elsevier Computer Communications Journal.

To submit a paper, please use the EDAS submission server: <http://edas.info>

For additional information, please contact Technical Program Chairs.
